

Student Eligibility Form - To be completed by the nominated student.

Fill out your information below:

Student Name: _____

OSU Email Address: _____

College of Engineering Major / Pre-Major: _____

Fill out information from your faculty advisor below:

Faculty Advisor Name: _____

OSU Email Address: _____

Answer the following questions:

Would this be your first research experience at Ohio State?	<input type="radio"/> Yes	<input type="radio"/> No	
If No, please describe your previous experience including the dates of your research work, your role and responsibilities, and the faculty advisor of your project:			
Are you currently fully funded / "maxed out" on Financial Aid for the 2021 - 2022 academic year?	<input type="radio"/> Yes	<input type="radio"/> No	<input type="radio"/> I don't know
What other potential sources of scholarship have you applied for related to research?	<input type="radio"/> COE URS (from proposal submission)	<input type="radio"/> SROP	
	<input type="radio"/> URO Summer Scholarship/Fellowship	<input type="radio"/> STEP funding	
	<input type="radio"/> Other(s): _____		

Please read the following statement and sign below.

"By signing below, I verify that I am available to participate in the College of Engineering Undergraduate Summer Research Program and complete my first research experience at Ohio State. I understand that, if selected to participate in this program, I will receive a total of \$3,500 in scholarship funding to support my education. I understand that the research experience will be full-time (average 30 hours a week) and will run from May 9 to July 15 or I will establish with my faculty advisor my individual schedule. I understand that if I perform my research on campus, I will be required to make my own housing arrangements.

I understand that, if selected, I must meet the following criteria to receive my scholarship: a) maintain satisfactory progress on my research project during Summer Term 2022, as determined by my faculty advisor and the College of Engineering, and b) present a poster on my research experience at the 2022 Undergraduate Research Office Fall Research Festival. If I do not meet these criteria, I understand that my scholarship may be revoked.

I have written and attached a 1-2 page abstract describing my project. It includes a summary of the overall goals of the research project and the specific objectives and aspects of the project for which I will be responsible."
